

Dear Students,

Your search for an enriching career ends here.

Shalom Infotech offers a great career opportunity for the students who are passionate about technology and work in a challenging environment.

We hope that you are aware that our company is the Channel Partner of Slash Support (P) Ltd. One of the leading KPO industries in India Slash Support is the Center Of Excellence for Technical Support and a 100% tech focused company. It extends an opportunity for Engineering and Non-Engineering students for a great career in technology and world class training will be given to them in emerging technologies.

We are looking for vibrant candidates who are interested in learning technology and are good in communication skills. You would be considered for Voice based Technical Support.

Having a good reputation and rapport over past few years we, conduct training programme involving communication and Technical sessions. Through these brainstorming sessions we strive to match you up with the exact skill set required for Slash Support.

At the end of the training program U can Walk out with an exciting Offer Letter.....

So, come join us and grab the opportunity.
